# Welcome to Harewood

Welcome to the Harewood Speed Hillclimb for a weekend packed with club hillclimbing at its best.

Competitors in the Harewood Speed Hillclimb Championship have 2 chances to score points this weekend with separate events on Saturday and Sunday, both with full entries. Honda S2000 driver Adam Riley leads the Championship with a substantial points tally of 79.50 from Rob Spedding and John Prickett, both very close on points.

Who will be fastest overall this weekend? David Tatham and John Prickett are tied on 22 points from Robin and Antony Wood.

Over the weekend we have an impressive array of saloons, sportscars and racing cars. The 25 plus strong group of Caterhams are competing in the Lotus 7 Club Speed Championship on both days and sure to provide plenty of close racing and a few spins!

So whether you are competing, marshalling or spectating, we hope you have a great weekend of hillclimbing at Harewood.

# Championships

## BARC Harewood Speed Hillclimb Championship

### Main championship

Marking is within classes, based on the improvement against the bogey time. The bogey times are the current class record at the start of each meeting with 20 seconds added, with the exception of classes 1A, 2A, 2B, 2D, 6A, 6B and 6C which are calculated. Championship marks are gained at the rate of 0.01 points for each 0.01 seconds by which the driver beats the bogey time of his or her class. A maximum of 21 marks can be gained at any meeting.

Any competitor who does not beat the bogey time will gain no marks for that meeting. Marks in six of the nine rounds will count towards the championship result (Note: The 8 May, 4 June and 3 July meetings are not rounds of the Harewood Speed Hillclimb Championship).

### Fastest time of the day

At each meeting marks will be awarded to the championship competitors who have recorded the ten fastest times of the day in the class runs. Marks will be awarded on the scale of 10 for the fastest competitor down to 1 mark for the tenth.

### Harewood Championship Positions after round 4

Pos	Name	Points

# Explaining the classes

Here is a layman's guide to what the categories mean to help you understand what is going on. However, this is not a definitive set of rules – these run to numerous pages of fine print in the Motorsport UK Competitors' Yearbook ("the Blue Book").

## Road modified

Not less than 1000 of these saloon & sports cars must have been built each year. For kit cars etc this is 20 per year, but over 5000 of the basic engines must have been produced. These cars must be road going cars e.g. have tax and an MOT where applicable. Limited changes can be made to the body e.g. some parts e.g. the bonnet and boot may be replaced by other materials, but glass cannot be replaced by other materials. The basic silhouette of the car must remain, although some limited aerodynamic devices can be added. Interior trim must remain and all standard equipment must work. The engine may be modified, within limits. Tyres are limited to road going tyres from defined lists.

## Modified production cars

Not less than 100 of these vehicles must have been made available through commercial channels in a twelve month period. The silhouette above the hub centres must remain unaltered, except for the bonnet and boot which may be modified. The bodywork may be made of different materials to the standard, but must maintain the original shape. The side and rear windows may be replaced with plastic. Modified front and rear spoilers/air dams are permitted. The engine must be identifiable as that fitted to the original model, but extensive modifications are allowed. Suspension changes are allowed with limitations. Slick racing tyres may be used.

## Formula Ford

Formula Ford cars are cars built for a specific race series to ensure tight competition and to make sure that it is driver ability that shines through and not the size of their wallets. Harewood regulations stipulate that cars in this class must be built before 1994. This means that the engines are all Ford Kent type engines. Engine modifications are very tightly controlled/limited, as are suspension changes etc. No aerodynamic wings are allowed and tyres are also limited.

## Sports Libre

Libre in French means free. In this category of cars the competitor is free to make a wide range of modifications and enter a wide range of cars not covered by other categories e.g. World rally cars, hillclimb supersport cars, GT1 sports cars etc. Tyre choice is open to the competitor.

## Racing cars

Single seat open wheel race cars. There is no minimum level of production. Engine choice and modifications are not limited. Aerodynamic devices are also allowed. Tyre choice is open to the competitor.

# Hill Records

The first Harewood meeting took place on 16 September 1962.

# Would you like to be involved?

Why not become a marshal, have some fun and get closer to the action?

Join the Harewood Marshals team and meet a really friendly bunch of people who have one thing in common, they are all motor sport nuts!

For more information on becoming a marshal or joining the Harewood Marshals Association contact;

## Jurisdiction

The meeting is held under the General Regulations of Motorsport UK (incorporating the provisions of the International Sporting Code of the FIA) and the Supplementary Regulations issued for the event, the Harewood Speed Hillclimb championship regulations 2022, the BARC Speed Event Classes 2022 and any written instructions the BARC Yorkshire Centre may issue for the event.

## The programme

The organisers have made every effort to ensure the accuracy of the programme and accept all contributed materials in good faith. If there are any errors or omissions then we apologise for them escaping our attention. Whilst every attempt will be made to adhere to the published programme, the organisers reserve the right to modify, curtail or abandon the meeting.

## Drones

The launching or over-flying of drones on this site is strictly prohibited.

## Food & drink

Food and drink is available in the paddock area. Ice cream is usually available.

## Litter

Will spectators please help the club by not dropping litter. Please use the containers provided and keep Harewood beautiful. Large items can be disposed of in the skip near the toilet block.

## Lost property & messages

If you find any articles or lose anything please report it to the Paddock Office. We regret that we cannot make announcements over the PA system, except in genuine emergencies.

## Acknowledgements

BARC Yorkshire Centre would like to thank Harewood Hill Ltd and those who subscribe to the shares which enables the long-term future of our events here. We also wish to thank West Yorkshire Police and Yorkshire Ambulance Service for emergency services, the marshals, the photographers who have allowed us to use their photographs, everyone who has helped or are helping and club members for making the event a success.

## Your personal safety

We take your safety seriously. Please take note of any signs or instructions given by our marshals. They are there to help the meeting run without a hitch.

**Remember you have a duty of care for your own safety and that of any children. Children under 14 must be accompanied and remain under the control of an adult at all times.**

## Thanks to our supporters

BARC Yorkshire Centre would like to thank all our sponsors and advertisers for their generous support, which helps us continually invest in our events and the venue. Our sponsors and advertisers are supporting Harewood *Speed Hillclimb*, so please support them with your business.
