NOTES FROM THE EDITOR

It would be great to be able to declare that this issue of your magazine is 'a Coronavirus-free zone', but that's impossible.

In a normal season, we would already be gathering in reports for the magazine from the irrepressible Steve Wilkinson and looking forward to the events of May and June, but alas, not in 2020. It's very disappointing, but we share the situation with, quite literally, just about the whole world, which is a situation which would have been unimaginable only a few months ago.

However, we thought we should put together a magazine to remind you of times past and, more importantly, to keep alive the promise of things to come. To that end we've borrowed heavily from the Harewood Hillclimb photo galleries to bring you some images that perhaps you don't usually have time to peruse.

Reminiscing (or 'banging on') about 'the good old days' is surely symptomatic of increasing age, as is wandering around the house muttering about the need for more roughage in one's diet. I've found myself musing about past motorsport events with, I have to say, considerable enjoyment. Happily for you, I'll keep most of those memories to myself (for now!), but if you're of a 'certain age', here's an image that you might enjoy.

- Here's 'Moby Dick', the 935/78, winning at Silverstone 1978, driven by Jochen Mass and Jacky Ickx

These are extraordinarily difficult times, and so we sincerely wish the best in all respects for our members and their families, and we're sure that you will join us in thanking all those who are working to keep the country functioning, but in particular those working in the health sector.

We hope to see you all at Harewood as soon as it's deemed safe to resume our activities!

TAIL PIECE

— “I know motor manufacturers always disguise their new models, but these are just ridiculous.”
