Sunday 4th August 1996 MONTAGUE BURTON TROPHY MEETING

Bobby Fryers had to pull out all the stops at the last Harewood meeting as his new tyres on the potent Renault Clio Williams, were sadly lacking in grip, but he still snatched a very hard earned second in class and retained his 2nd place in the Championship.

VIEWING AREAS
 Spectators are invited to view the event from the new spectator areas at Clark's Corner, Thomson Straight, the Esses and Chippy's Bend. These areas provide the spectator with the chance to look down into the car and get very close to the action.

NOTICES

JURISDICTION

This meeting is governed by the General regulations of the RAC Motor Sports Association Ltd. (incorporating the provisions of the International Sporting Code of the FIA, the Supplementary Regulations issued for the event, the Harewood Regulations Booklet 1996, the BARC Speed Event Classes 1996 and any written instructions the BARC Yorkshire Centre may issue for the event.

PROGRAMME

All literary matter in this programme, including the list of competitors and their racing numbers is copyright.

The Club accepts entries and drivers' nominations in good faith and every effort is made to adhere to the printed programme. The Club however cannot accept responsibility for the failure of any driver, or car, to appear.

Although every endeavour is made to avoid inaccuracies in the descriptions of competing cars the Club accepts no responsibility for any that may occur.

Whilst every attempt will be made to adhere to the published programme, the organisers reserve the right to modify, curtail or abandon the meeting.

LOST AND FOUND PROPERTY

Spectators who find articles are asked to hand these in to the Secretary's Office in the bus in the Paddock. Any people who have lost anything in the grounds should also apply at the bus.

REFRESHMENTS

Refreshment services are operating in the Hill Side Car Park to supply hot and cold drinks, snacks, hot dogs, bacon sandwiches etc. There is a licensed bar open from 11.00am to 6.00pm. Ice Cream is also on sale.

LITTER

Will spectators try to assist the Club by not dropping litter, but by putting it into the containers provided. For large items there is a skip near the refreshment tent.

ACKNOWLEDGEMENTS

The British Automobile Racing Club Ltd, Yorkshire Centre wish to express their thanks to Harewood Hill Ltd for making Stockton farm available for this event today and to those members and friends of the club who subscribed for shares in Harewood Hill Ltd and by so doing have ensured the long term future of our events here.

We also wish to thank the West Yorkshire Police and the RAC for their assistance with traffic arrangements; Northern Rescue (NRRRMC) and the St John Ambulance Brigade for emergency services; Barnes Caterers for provision of refreshment services and to members of BARC and BMRMC and HMA for staffing the course; and Pennine LRC for on-course recovery; and everyone else who has worked or who is working to make the event a success.

BARC YORKSHIRE CENTRE

All enquiries about BARC Membership to J M English, 32 Farfield Avenue, Knaresborough, North Yorkshire, HG5 8HB.

All enquiries about the Harewood Hillclimb should be made to the Secretary of the Meeting in the bus in the paddock.

MESSAGES

The Club wish to stress that announcements to assist spectators cannot be made over the course PA system except in cases of genuine emergency.

HAREWOOD HILLCLIMB CHAMPIONSHIP

ACTION IS HOTTING UP IN THE HAREWOOD HILLCLIMB CHAMPIONSHIP

Formula Ford driver Ken Bailey's tenuous lead has been cut to less than a point by the hard charging Renault Clio Williams of Keighley Garage owner Bobby Fryers. Fellow motor trader and BMW driver Dennis Crompton's record breaking charge at the last Harewood event has taken him to within 7/100ths of a point from snatching second.

IN THE CLASSES

Keighley driver Bobby Fryers had a torrid time at the July Harewood, he fitted new tyres but they lacked grip, nonetheless he would have had a difficult task on his hands in keeping the on-form Rochdale driver Dennis Crompton at bay in the ultra competitive Touring Car section. Dennis comprehensively stamped his authority on the class by setting a new record.

As well as leading the championship, Ken Bailey is the man to beat in the Formula Fords. This year he has firmly put son David in his place, despite the fact that David is the current class record holder.

In Class A, the small Modified Production cars, the Westfield of Richmond's Peter Herbert will continue its season long duel with the Caterham Supersport of Huddersfield driver Tim Wilson, but they will both have to be on top form if they wish to beat the amazing Rover saloon of Stuart Horswill and Andy Kitson.

In Class B, the spectacularly driven 1660cc Escort of Paul Nutter will challenge and no doubt trounce, many of the quicker Westfields and Caterhams.

In the Sports Libre up to 2000cc Tim Elmer set a superb new record at the July Harewood and, given good weather, he may be able to further improve.

The 1100cc Racing Car of Mark Lawrence continues to set times which humble larger capacity machines and is the class act in Class I.

With several FTD's this year at Harewood, Slaidburn driver Alan Newton could further add to his collection at this event driving his 3500cc Formula One engined Pilbeam MP58-5.

Harewood Hillclimb Championship

How it is marked

The Harewood Hillclimb Championship is marked within classes on a Bogey Time improvement basis. The Bogey Times for the 1996 season are shown at the top of each class in the programme. These Bogey Times are derived by adding 18 seconds to the record for each class standing at the start of the season and remain unchanged throughout the season.

Championship marks will be gained at the rate of 0.01 mark for each 0.01 of a second by which a driver beats the Bogey Time for his/her class. Any competitor who does not beat the Bogey Time will gain no marks for that meeting.

There is a maximum limit of 20 marks which can be gained at any meeting, and marks can only be gained in the three class runs. Marks gained in five out of six qualifying rounds will be counted for the Championship results. If any of the six meeting does not take place, the qualifying number of events will be reduced so that it is always one less than the total number of meetings which do take place.

In the event of a tie in the final marking, this will be decided in favour of the competitor who has gained the marks in the fewest number of qualifying rounds, including discarded rounds.

FTD AWARDS SERIES

How it is marked

At each meeting marks will be awarded to the championship competitors who have recorded the ten fastest times of the day in the class runs.

Marks will be awarded on the scale 10, 9, 8, 7, 6, 5,, 4, 3, 2 and 1 to the fastest competitor down to the tenth fastest competitor.

There will also be 1 bonus mark for any competitor(s) who break the course record standing at the commencement of the meeting.

Marks gained in five out of six qualifying rounds will be counted for the championship results.

In the event of a tie, the rules stated above also apply.

engineering excellence in blast, wash and surface treatment technology

Euroblast® – universal range of manual operated blast cabinets

For all your component cleaning, preparation and finishing needs, the Guyson Euroblast® range of manually operated blast cabinets offers the highest performance and greatest reliability.

With a diverse range of cabinet sizes to suit all applications, a technologically advanced design for maximum production efficiency and durability which promises the longest operational life, Euroblast® is the number one choice

Marr Orbit – the versatile choice for component washing and degreasing

The Orbit wash system uses only biodegradable aqueous solutions of low cost alkaline detergents. Its robust construction ensures a hardworking wash system that stands up to the rigours of a busy workplace environment while its compact design ensures that only minimal space is required.

Guyson International Ltd. are also the manufacturers of Multiblast™ automated blast cleaning systems with built in process monitoring and control.
