Foreword

Once again the start of a new season is upon us and we can all look forward to another great year of hillclimbing at Harewood.

This event marks the start of the Harewood Speed Hillclimb Championship and we are pleased to have the Cubicle Centre as our new sponsors.

The championship attracts a wide range of cars from standard production cars up to F1 type single seaters and is always very competitive. Last years championship was not decided until the final event in favour of David Sykes' Peugeot 205.

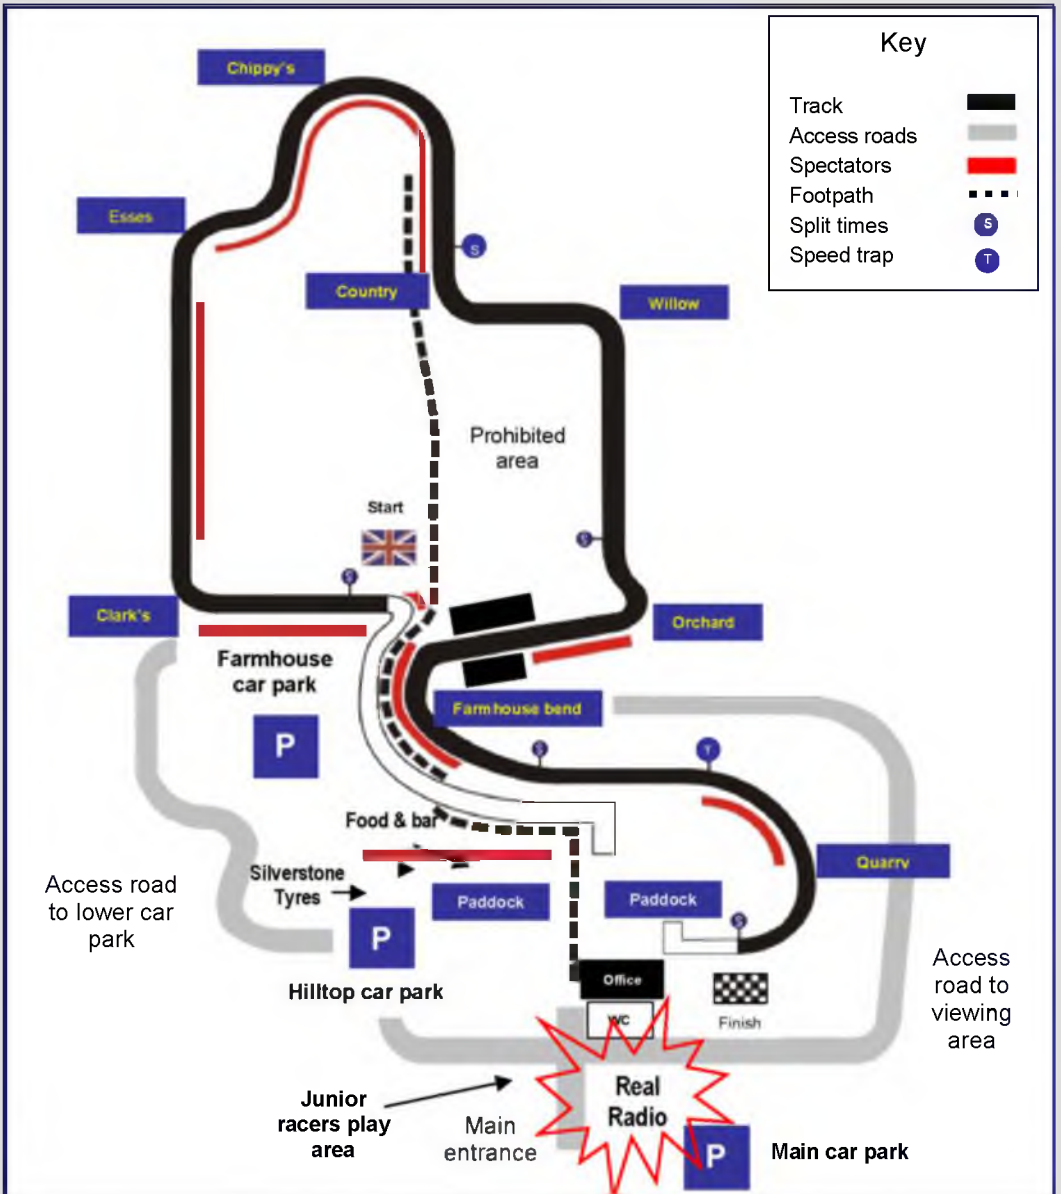

Today we have several guest classes including Ginetta's, MG's and, new to Harewood this year, the Aston Martin Owners Club - all very attractive cars.

I wish you all a great day of motorsport at Harewood and hope you will come back soon.

Tim Wilson
Chairman, BARC Yorkshire Centre

Championship

Cubicle Centre Harewood Speed Hillclimb Championship

main championship and ladies championship

Marking is within classes, based on the improvement against the bogey time. The 2007 bogey times are the current class record at the start of each meeting with 18 seconds added. Championship marks are gained at the rate of 0.01 points for each 0.01 seconds by which the driver beats the bogey time of his or her class. A maximum of 20 marks can be gained at any meeting.

Any competitor who does not beat the bogey time will gain no marks for that meeting. Marks can only be gained in the two class runs on the 13th May. At the other seven rounds the three timed runs will count, unless a decision to the contrary is made after the first timed run. Marks in six of the eight rounds will count towards the championship result (Note: The 7th/8th July event is not a round of the Harewood Speed Hillclimb Championship).

fastest time of the day

At each meeting marks will be awarded to the championship competitors who have recorded the ten fastest times of the day in the class runs. Marks will be awarded on the scale of 10 for the fastest competitor down to 1 mark for the tenth.

David Sykes – Overall Champion 2006

James Blackmore – Fastest Time of The Day Champion 2006

Sarah Cordingley – Ladies Champion 2006

Welcome

On behalf of the BARC Yorkshire Centre, we welcome you all to the 2007 Harewood *Speed* Hillclimb series.

brief history

Harewood has been used as a hillclimb since 1962 when the track started at the lower part of the course just after Chippy's corner (see map). The surface then was tar and chippings. The fastest time set for this short course was over 51 seconds (see records page). Then in mid 1963 the track was upgraded to a tarmacadam surface. In 1992 the track was extended back from Chippy's to the new start, making it the longest permanent hillclimb course on the UK mainland.

our sponsors and advertisers

BARC Yorkshire Centre would like to thank all our sponsors and advertisers for their generous support, which helps us continually invest in our events and the venue. Our sponsors and advertisers are supporting Harewood Speed Hillclimb, so please support them with your business.

What is speed hillclimbing?

The challenge of *Speed Hillclimbing* is to drive the course in the shortest possible time. The faster drivers are those who can get the car off the start quickly, the first 64 feet can take under two seconds, and then find the quickest and smoothest lines through each corner. The fastest cars can complete the 1448 metre course in under 50 seconds, with speeds exceeding 130 mph!

Cars are called down to the start in class order. Where a car is shared by another driver, the second driver (their numbers will start with a 7 or 9), will go down to the start in the batch before the other driver. The entries are divided into classes, so that similar cars compete against each other. Each driver not only competes in his or her own race against the clock, but also against other drivers in cars of similar performance.

Each car carries a small vertical blade at the front called a timing strut. As a car approaches the start, the marshals line the car up immediately behind the timing beam. A chock behind the rear wheel keeps the car in the right position. When the driver is given the green light, they start in their own time. As the car moves forward it breaks the light beam and starts the electronic timing equipment.

At the finish line there is another light beam that stops the digital timing equipment for that driver's run. In addition to the start and finish timing beams, there are others that allow the driver to see their 'split' times at given points on the course after their run. These times are shown on the bank of monitors at the rear of the paddock office and used by the commentators (see map for location of split time points).

If a car stops, slows or comes off the course, the marshals may show a red flag. This warns following drivers of a potential hazardous situation ahead. As a result a car may have to abandon a run through no fault of the driver and so will be given a re-run. If the red flag is given before Orchard the driver will return to the start via the road behind the barn. Otherwise the driver will continue to the finish, at a slower speed, then go down to the start via the slip road, to take the re-run.

Up to four cars can be on the hill at any one time. Timing is to the nearest one-hundredth of a second, a tiny amount, but one that can often decide a class win.

The ultimate achievement at each event is to establish the Fastest Time of the Day (FTD). This is usually claimed by one of the single seater racing cars, although wet weather can sometimes throw up an occasional surprise!

At the start - note the the marshal holding the wheel chock to stop the car rolling back

Notices

jurisdiction

The meeting is governed by the General Regulations of the Motor Sports Association Ltd (incorporating the provisions of the International Sporting Code of the FIA) and the Supplementary Regulations issued for the event, the Harewood *Speed* Hillclimb Entry forms, event and championship regulations booklet 2007, the BARC *Speed* Event Classes 2007 and any written instructions the BARC Yorkshire Centre may issue for the event.

the programme

All information in this programme is copyright. The organisers have made every effort to ensure the accuracy of the programme and accept all contributed materials in good faith. If there are any errors or omissions then we apologise for them escaping our attention. Whilst every attempt will be made to adhere to the published programme, the organisers reserve the right to modify, curtail or abandon the meeting.

food & drink

Food and drink is available in close to the paddock area from 10.30am on Saturdays and 9.30am on Sundays. A licensed bar and ice cream is usually available.

litter

Will spectators please help the club by **not dropping litter**. Please use the containers provided and keep Harewood beautiful. Large items can be disposed of in the skip near the toilet block.

lost property & messages

If you find any articles or lose anything please report it to the Paddock Office. We regret that we cannot make announcements over the PA system, except in genuine emergencies.

acknowledgements

BARC Yorkshire Centre would like to thank Harewood Hill Ltd and those who subscribe to the shares which enables the long-term future of our events here. We also wish to thank West Yorkshire Police, Pennine Rescue, Pennine LRC, Teesside and North Yorkshire Ambulance Service for emergency services, The Crusty Pie Company, the marshals, the photographers who have allowed us to use their photographs, everyone who has helped or are helping and club members for making the event a success.

your personal safety

We take your safety seriously. Please take note of any signs or instructions given by our marshals. They are there to help the meeting run without a hitch.

Remember you have a duty of care for you own safety and that of any children. Children under 14 must be accompanied and remain under the control of an adult at all times.

Awards

As well as competing in their respective championships, in which many drivers are currently taking part, drivers are also competing today for the following Harewood Speed Hillclimb awards.

Fastest time The Andrews Bros Trophy
2nd FTD
3rd FTD

Fastest time in class (*subject to 4 or more entries in the class*)
2nd fastest time in class (*subject to 6 or more entries in the class*)
3rd fastest time in class (*subject to 10 or more entries in the class*)
4th fastest time in class (*subject to 16 or more entries in the class*)

Awards are presented 30 minutes after the conclusion of the meeting

Attention competitors

You can now see the provisional entry list for each event on the Harewood website and the list is regularly updated.

Last year a number of meetings were oversubscribed, so don't leave your entry until it's too late this year - there's no excuse!

You can find copies of the regulations and entry forms on the website too.

H	111	John Hoyle	Westfield SEiW	1998	BARC(Y)	Harrowgate		

What have a “Rep Mobile” and a “Mid Life Crisis Car” got in common ?

The answer may be that they will both be performing at the Harewood Speed Hillclimb this Sunday. Mike Tate, Class 5 Sponsor, will be driving his “works car” & his “usual ride”, both pictured below. The fastest time Mike has gone up Harewood is 64.69 seconds, the Vectra has never been up!

The Vectra is a 2006 Sri 1.9 CDTi 150 BHP model and is the car that actually tows the trailer that the Westfield travels to Harewood on. Apart from the VXR Body-kit and the Imscher Exhaust Tailpipes, this car is totally standard. The Westfield is a 2003 Sport Model with a Ford Duratec engine fitted which has been tweaked to give 264 bhp along with a modified gearbox, a wider track, and a bit of weight saving, this car is far from standard.

Would you like to be involved?

Why not become a marshal, have some fun and get closer to the action?

Join the Harewood Marshals team and meet a really friendly bunch of people who have one thing in common, they are all motor sport nuts!

For more information on becoming a marshal or joining the Harewood Marshals Association contact;

Mike Shorley *Chief Marshal*
phone 01977 780035
email mshorley@hotmail.com

Keith Davison *Assistant Chief Marshal*
email
keith.davison@btinternet.com

Without our marshals and officials we have no motor sport

Class J – Racing cars over 1100 cc up to 1600 cc
