HAREWOOD HILLCLIMB CHAMPIONSHIP

A Nail Biting Finish

The Harewood Championship is heading for a nail biting finish, and with all the leading contenders entered, we are poised for an exciting conclusion to a superb Harewood Speed Hillclimb season. Veteran Formula Ford driver Ken Bailey has headed the championship all season but BMW driver Dennis Crompton has closed the gap, and could be poised to snatch the championship. When both drivers drop their lowest score there is but 0.38 sec separating them. Third place is equally keenly contested, Keighley Clio Williams driver Bobby Fryers, is just fractions of a second in front of championship leader's son David, who is dual driving the family Reynard. In fifth and sixth place, Peter Herbert and Bob Prest are locked in battle with the Westfield driver again holding a narrow margin over Bob's faithful Mallock. Rounding off the Top Ten is David Sturdy in his Van Diemen Formula Ford, Tim Wilson (Caterham), Alan Newton (Pilbeam), who also leads the FTD Championship and Joe Ward in his self constructed Ward WD9V.

The Championship Marking System

The Harewood Hillclimb Championship is marked within classes on a Bogey Time improvement basis. The Bogey Times for the 1996 season are shown at the top of each class in the programme. These Bogey Times are derived by adding 18 seconds to the record for each class standing at the start of the season and remain unchanged throughout the season.

Championship marks will be gained at the rate of 0.01 mark for each 0.01 of a second by which a driver beats the Bogey Time for his/her class. Any competitor who does not beat the Bogey Time will gain no marks for that meeting.

There is a maximum limit of 20 marks which can be gained at any meeting, and marks can only be gained in the three class runs. Marks gained in five out of six qualifying rounds will be counted for the Championship results. If any of the six meeting does not take place, the qualifying number of events will be reduced so that it is always one less than the total number of meetings which do take place.

In the event of a tie in the final marking, this will be decided in favour of the competitor who has gained the marks in the fewest number of qualifying rounds, including discarded rounds

THE FASTEST TIME OF DAY CHAMPIONSHIP

In the Harewood FTD Series, Alan Newton cannot be caught but the 2 litre Delta of Colin Wheeler just heads the 1100cc Jedi of fast farmer Dave Kitching. These two are separated by just 1 point.

FTD Awards Marking System

At each meeting marks will be awarded to the championship competitors who have recorded the ten fastest times of the day in the class runs.

Marks will be awarded on the scale 10, 9, 8, 7, 6, 5,, 4, 3, 2 and 1 to the fastest competitor down to the tenth fastest competitor.

There will also be 1 bonus mark for any competitor(s) who break the course record standing at the commencement of the meeting.

Marks gained in five out of six qualifying rounds will be counted for the championship results. In the event of a tie, the rules stated above also apply.
