SPRING NATIONAL MEETING Sunday 4th April 1999

Blackpool driver Jamie Hylton lost the 1998 FTD Championship by the merest fraction. Today driving his usual 1600cc Malan, he could surprise many of the 2 litre brigade and snatch FTD from under their noses.

Championship 1999

YORKSHIRE AUTO TRADER BARC HAREWOOD SPEED HILLCLIMB CHAMPIONSHIP

MARKING SYSTEM

Marking will be within classes on a Bogey Time improvement basis. For the 1999 season the bogey times for each class will become 'floating'. The bogey time for each class will stay in force until the previous quickest time is beaten, the bogey time for the class will then be revised for the next meeting.

The initial 1999 Bogey Times will be the quickest class time at a BARC meeting during the 1998 season, with 18 seconds added.

To ensure that we have a worthy champion there will be a 'target time' for each class. A competitor must break this target time to be eligible to score a maximum of 20 points. A competitor not breaking this target time will only be eligible to score a maximum 18 marks no matter how much the bogey time is improved upon.

The target time has been beaten on all classes during the 1998 season with the exception of the three following classes. The target time remains active on these three classes only.

Class 1 70.40

Class C 61.17

Class E 62.20

Championship marks will be gained at the rate of .01 mark for each .01 second by which a driver beats the Bogey Time for his/her class.

Marks gained in five of the six rounds will be counted for the Championship results.

FTD

At each meeting marks will be awarded to the championship competitors who have recorded the ten fastest times of the day in the class runs. Marks will be awarded on the scale 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 to the fastest competitor down to the 10th fastest. There will also be 1 bonus mark for any competitor(s) who break the course record standing at the commencement of the meeting.
