Once one of our most popular classes, the Formula Fords are going through a thin period this year and Mick Moore finds himself amalgamated with the up to 2 litre slick shod and be-winged single seaters. Despite the cruel amalgamation, Mick will be striving for Championship points in his Van Diemen RF85. Photo: Peter Cunningham

BARC HAREWOOD SPEED HILLCLIMB CHAMPIONSHIP 2000

MARKING SYSTEM

Marking will be within classes on a Bogey Time improvement basis. For the 2000 season the bogey times for each class will be 'floating'. The bogey time for each class will stay in force until the previous quickest time is beaten, the bogey time for the class will then be revised for the next meeting. The initial 2000 Bogey Times will be the quickest class time at a BARC meeting during the 1999 or 2000 season, with 18 seconds added.

To ensure that we have a worthy champion there will be a 'target time' for each class. A competitor must break this target time to be eligible to score a maximum of 20 points. A competitor not breaking this target time will only be eligible to score a maximum of 18 marks no matter how much the bogey time is improved upon.

The target time remains active on these two classes only.

Class 1 70.49

Class C 61.17

Championship marks will be gained at the rate of .01 mark for each .01 second by which a driver beats the Bogey Time for his/her class.

Marks gained in five of the six rounds will be counted for the Championship results.

FTD

At each meeting marks will be awarded to the championship competitors who have recorded the ten fastest times of the day in the class runs. Marks will be awarded on the scale 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 to the fastest competitor down to the 10th fastest. There will also be 1 bonus mark for any competitor(s) who break the course record standing at the commencement of the meeting.
