BARC HAREWOOD SPEED HILLCLIMB CHAMPIONSHIP 2000 *Flying Finish*

Dave Banner's heart must be fluttering for he could hoist the Championship trophy up high at the conclusion of today's event. Although Dave has set the standard in his Westfield in the latter part of the season, he cannot afford to let his pace flag. Geoff Goodwin's pretty little MG Midget is snapping at his heels now that we have reached the stage of dropped scores, 0.66 being the margin.

John Hoyle in his 2000cc Westfield leads the chase, his personal best of the season 17.74, at the August round, put him within striking distance of the leaders.

Glyn Sketchley in the potent little 500cc Nova Jedi has had a remarkable season with 2 fantastic records in June and August but as he missed a round and must count the damp low scoring July event, this will cost him dear.

Dave Kitching in his home prepared 1100cc DKR Jedi has experienced one of his most successful seasons for not only is he leading the FTD Championship but he is up there amongst the leaders in the overall championship.

FTD Championship leader Dave Kitching, the talented and committed Jedi driver, has had some sensational wins this year beating many potentially quicker cars when recording Fastest Time of the Day at the Easter and June meetings. Photo: Robert Spedding

Jennie Woodfield has all but clinched the Ladies Championship in her immaculately prepared 2 litre Mkl Escort. Andy Stokes' is 6th in the championship despite breaking his gearbox at the August meeting. Photo: Pat Kenyon

BARC HAREWOOD SPEED HILLCLIMB CHAMPIONSHIP 2000

MARKING SYSTEM

Marking will be within classes on a Bogey Time improvement basis. For the 2000 season the bogey times for each class will be 'floating'. The bogey time for each class will stay in force until the previous quickest time is beaten, the bogey time for the class will then be revised for the next meeting.

The initial 2000 Bogey Times will be the quickest class time at a BARC meeting during the 1999 or 2000 season, with 18 seconds added.

To ensure that we have a worthy champion there will be a 'target time' for each class. A competitor must break this target time to be eligible to score a maximum of 20 points. A competitor not breaking this target time will only be eligible to score a maximum of 18 marks no matter how much the bogey time is improved upon.

The target time remains active on these two classes only.

Class 1 70.49

Class C 61.17

Championship marks will be gained at the rate of .01 mark for each .01 second by which a driver beats the Bogey Time for his/her class.

Marks gained in five of the six rounds will be counted for the Championship results.

FTD

At each meeting marks will be awarded to the championship competitors who have recorded the ten fastest times of the day in the class runs. Marks will be awarded on the scale 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 to the fastest competitor down to the 10th fastest.

There will also be 1 bonus mark for any competitor(s) who break the course record standing at the commencement of the meeting.
