Harewood Speed Hillclimb Greenwood Cup Meeting Saturday 8th September

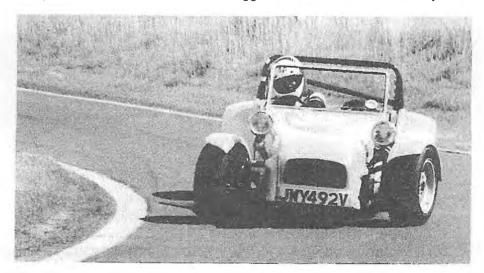

Today's entry has a fabulous class of Ginetta cars featuring many of the marque's models. Bill Hutchins with a 5.3 litre V8 engine is the largest capacity car in the class and also the record holder. His classmates will have to dig deep to unseat him from a possible class win.

We have a magnificent entry of 26 Porsche cars split into two categories depending on their engine power. Class 14A is the most powerful of the 2 classes and Jonathan Williamson, Peter Morris and Paul Howells will be locked in a titanic struggle.

Although they lack the grunt of the previous class, class record holder Geraint Evans in his Porsche 911 Carrera will have to be on top form to head the 14 other Porsches in the class.

The Caterham Academy enjoyed Harewood so much, they have come back for a second visit. With 22 evenly matched cars, the emphasis will be on the driver and the times in the class will be extremely close.

As in previous events we have all the usual Harewood classes among the 140 strong entry. Although you would expect the large single seaters to dominate, the 1100's of Yarm chicken farmer Dave Kitching, Keighley's John Chacksfield and Harrogate driver Martin Vesty will be in the hunt for FTD as will the slightly larger capacity car of Harrogate driver James Blackmore in Class J. The large capacity cars of lan Thomas and Jon Waggitt should set FTD but will they??

Michelin Porsche Club Speed Championship

In 2001, for the first time, the Porsche Club's Speed Championship is beinbg run on a national basis, previously having been run as two Regional Championships. The championship is supported by Michelin Tyre plc and not surprisingly is known as 'The Michelin Porsche Club Speed Championship'. The change to a national championship has increased the level of interest, with 52 competitors having registered to run. The championship runs over 16 rounds of which seven scores can count. As well as today's round at Harewood, the championship takes in many of the UK's favourite venues, such as Prescott, Gurston Down, Shelsley Walsh, Longleat, MIRA, Loton Park, Wiscombe Park etc. Divided into 4 classes, the Michelin Porsche Club Speed Championship accommodates everything from standard road cars to more heavily modified cars. The classes are determined by horsepower, so that cars of similar performance are competing against each other. Although most cars race on road tyres, slick tyres are allowed, in which case the car is classified into the class above. The class breaks are:- Class P4 - up to 160bhp, Class P3 - 161bhp to 205 bhp, Class P2 - 206 bhp to 250bhp, Class P1- over 250bhp.

With 0.71 points separating the top four in the championship, it is all to play for. Class P1 in particular will be very spectacular with top runners frequently split by 1/100ths of a second.

Harewood Speed Hillclimb Championship Finals Meeting Sunday 9th September

It's crunch time in the Harewood Championship. Harrogate's John Hoyle in his 2 litre Westfield leads and although he set a new record at the August meeting, he will be fortunate if he hangs on to his present position. Given good weather the possible championship winner could be the MG Midget driver Geoff Goodwin. The Sheffield man is presently in 6th place but has the lowest score to drop. One good run and the championship is within his grasp. The Harewood 2000 Champion Dave Banner has been setting cracking times throughout the season and is presently in 2nd place. Dave has a very tough task on his hands, he will need to break the class record by a substantial margin if he is to snatch this year's championship.

In third place, but not defending his position today, Steve Owen could tumble down the main championship leader board but the single seater driver has already sewn up the separate FTD Championship.

The Ladies Championship looks like going down to the wire but it all depends on the weather. If it's fine, we could have a new Ladies Champion. Mini driver Clare Sullivan could end Jenny Woodfield's domination.

Recently the small 1100cc single seaters in Class I have remarkably dominated when it comes to the FTD stakes. Those magnificent men in their flying machines, Dave Kitching and John Chacksfield could head the larger capacity cars of James Blackmore, Peter Hamilton and John Waggitt.

WILL THEY BE CHAMPIONS?

Both these drivers could finish the day as Champions. Although they got off to a poor start to the season, and have consequently low scores to drop, their fate is dependent on the weather Clare, in her Mini, could be Ladies Champion and Geoff, in his MG Midget, could be overall Harewood Champion.

Clare Sullivan

Geoff Goodwin

BARC HAREWOOD SPEED HILLCLIMB CHAMPIONSHIP 2001

MARKING SYSTEM

Marking will be within classes on a Bogey Time improvement basis. For the 2001 season the bogey times for each class will be 'floating'. The bogey time for each class will stay in force until the previous quickest time is beaten at a BARC (Yorkshire) organised meeting. The bogey time for the class will then be revised for the next meeting.

The initial 2001 Bogey Times will be the quickest class time at a BARC meeting during the 1998, 1999 or 2000 season, with 18 seconds added.

To ensure that we have a worthy champion there will be a 'target time' for each class. A competitor must break this target time to be eligible to score a maximum of 20 points. A competitor not breaking this target time will only be eligible to score a maximum of 18 marks no matter how much the bogey time is improved upon.

The target time remains active on these two classes only.

Class 1

70.49

Class C 61.17

Championship marks will be gained at the rate of .01 mark for each .01 second by which a driver beats the Bogey Time for his/her class.

Marks gained in five of the six rounds will be counted for the Championship results.

FTD

At each meeting marks will be awarded to the championship competitors who have recorded the ten fastest times of the day in the class runs. Marks will be awarded on the scale 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 to the fastest competitor down to the 10th fastest.

There will also be 1 bonus mark for any competitor(s) who break the course record standing at the commencement of the meeting.

THE BRITISH AUTOMOBILE RACING CLUB

The symbols of a successful Club

THE BARC BADGE -

the symbol of one of the world's most established and successful motorsport clubs which is also responsible for the operation of Thruxton and

Pembrey International circuits as well as advising on circuit management at the new Rockingham Circuit in Northants.

THE RACING CAR -

BARC members are involved in every aspect of motorsport from Hillclimbs and Sprints to Production Saloons and the F1 breeding

ground, Formula 3. The BARC symbolises all that's great in organising some of the most prestigious meetings on the National

and International calendar.

THE CHEQUERED FLAG -

Our Training and Grading Schemes set standards which ensure that BARC Marshals form the backbone of over 350 meetings a year, including the British Grand Prix and major motorcycling events.

BARC members have access to a wide range of useful and exclusive discounts on products and services, accessories,

insurance, museum, racing school and circuit admission and much more. The Club

has an eye-catching Visa card with low interest rates and no annual fee and an exciting range of Club and circuit-branded clothing and accessories.

THE CLUB MAGAZINE -

STARTLINE

For both adult and junior members without the time or desire for active involvement, our lively 'Startline' magazine keeps them up

to speed with all the Club's activities.
