# Foreword

Firstly, a warm welcome to everyone, and in particular all those who have not been to Harewood previously. We have been working hard behind the scenes to attract new visitors, and you may have heard the adverts recently on Real Radio promoting the venue. Those of you who follow Leeds United may also have seen the adverts in the last two home match programmes. We think that watching motor sport is an ideal way to spend your summer weekends until the football season begins again.

To facilitate the enjoyment of spectators and competitors alike, you may have noticed improved timing displays and results systems. Improved signage has appeared around the venue, and top class catering facilities courtesy of 'The Crusty Pie' and their brand new bar, 'Pig And Bottle Bar Services'.

Naturally, all this comes at a not inconsiderable price, and I am using this foreword as an unashamedly thin veil to seek additional sponsors. This need not be a large investment, and as an example, class sponsorship for a single weekend is only £125 + vat, or a quarter page advert in this programme from £75+v.at. We have a wide range of other packages to suit every budget. Should you wish to enquire further, please seek out one of our committee, or go to the Harewood website [www.harewoodhill.co.uk](http://www.harewoodhill.co.uk) where further details and prices can be found.

On the theme of promoting Harewood, we have a new event this year in the form of the Harewood Classic And Vintage Hillclimb. This takes place on Saturday 2<sup>nd</sup>. June, and will attract competition cars in a wide variety of classes, including saloons, sports cars, and single seaters. The common theme is that all will have been built prior to 1972. This promises to be an exciting event, and we look forward to seeing you there.

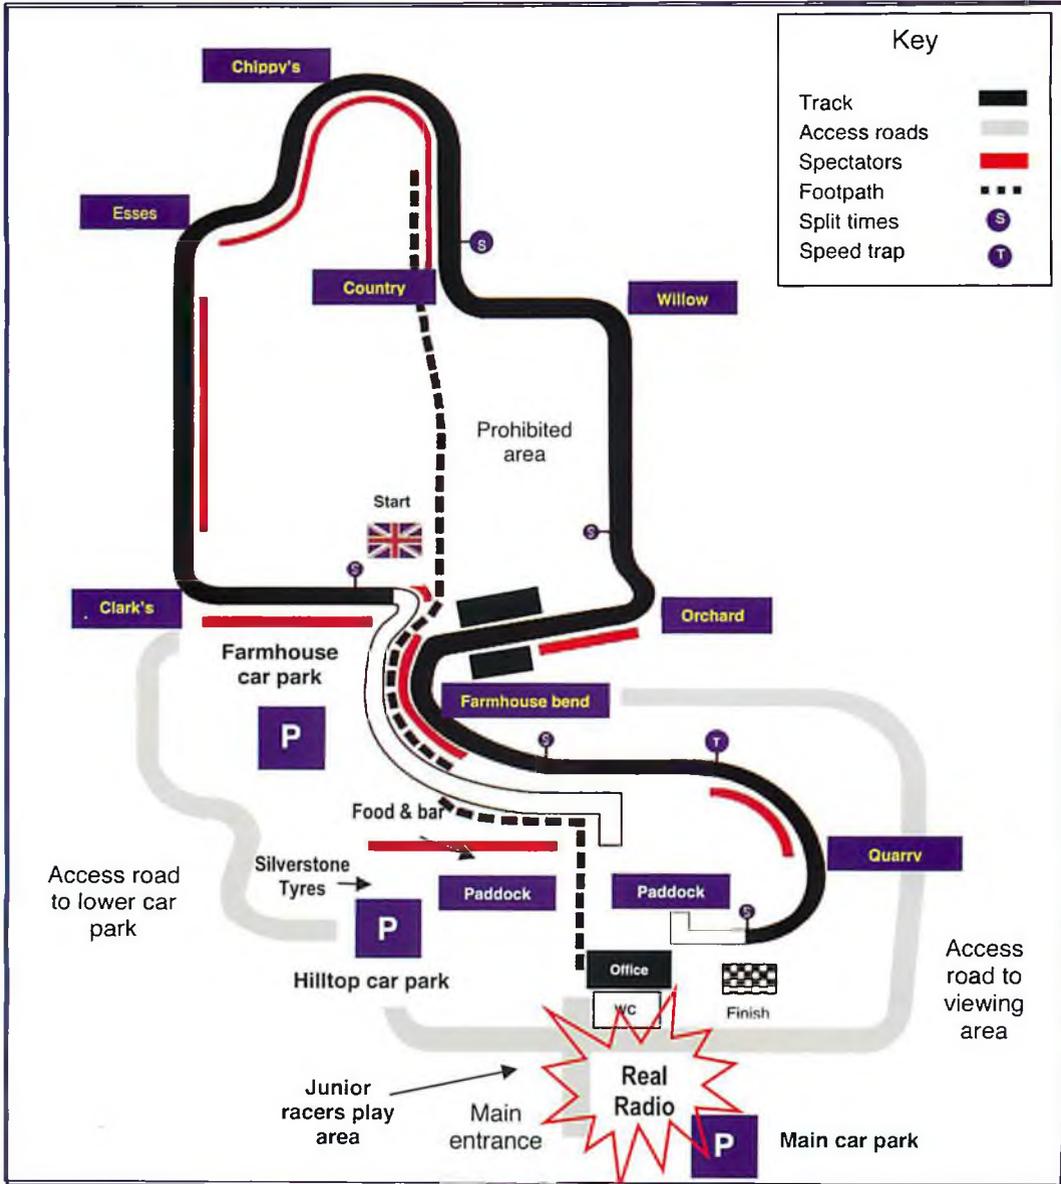

In order for us to enjoy our sport, both from a competitor and spectators point of view, we need the services of our long suffering marshals. Please spare a thought for this fine group of volunteers who will stand on post for hours on end, come rain, come shine. If you would like to get involved, see the website, or speak to any of the marshals here today. Perhaps you fancy a go at driving? Harewood runs a driving school for would-be competitors. It also offers the opportunity for corporate driving school days with full catering etc. The website contains full information.

All that remains is for me to wish everyone an enjoyable days sport from whatever side of the barriers you are on!

**Andrew Thorpe**  
**Cubicle Centre Ltd – Championship Sponsor**

## Cubicle Centre Harewood Speed Hillclimb Championship

### main championship and ladies championship

Marking is within classes, based on the improvement against the bogey time. The 2007 bogey times are the current class record at the start of each meeting with 18 seconds added. Championship marks are gained at the rate of 0.01 points for each 0.01 seconds by which the driver beats the bogey time of his or her class. A maximum of 20 marks can be gained at any meeting.

Any competitor who does not beat the bogey time will gain no marks for that meeting. Marks can only be gained in the two class runs on the 13<sup>th</sup> May. At the other seven rounds the three timed runs will count, unless a decision to the contrary is made after the first timed run. Marks in six of the eight rounds will count towards the championship result (Note: The 7<sup>th</sup>/8<sup>th</sup> July-event is not a round of the Harewood Speed Hillclimb Championship).

### fastest time of the day

At each meeting marks will be awarded to the championship competitors who have recorded the ten fastest times of the day in the class runs. Marks will be awarded on the scale of 10 for the fastest competitor down to 1 mark for the tenth.

#### David Sykes – Overall Champion 2006

#### James Blackmore – Fastest Time of The Day Champion 2006

#### Sarah Cordingley – Ladies Champion 2006

# Welcome

On behalf of the BARC Yorkshire Centre, we welcome you all to the 2007 Harewood *Speed* Hillclimb series.

## brief history

Harewood has been used as a hillclimb since 1962 when the track started at the lower part of the course just after Chippy's corner (see map). The surface then was tar and chippings. The fastest time set for this short course was over 51 seconds (see records page). Then in mid 1963 the track was upgraded to a tarmac surface. In 1992 the track was extended back from Chippy's to the new start, making it the longest permanent hillclimb course on the UK mainland.

## our sponsors and advertisers

BARC Yorkshire Centre would like to thank all our sponsors and advertisers for their generous support, which helps us continually invest in our events and the venue. Our sponsors and advertisers are supporting Harewood Speed Hillclimb, so please support them with your business.

# What is speed hillclimbing?

The challenge of *Speed Hillclimbing* is to drive the course in the shortest possible time. The faster drivers are those who can get the car off the start quickly, the first 64 feet can take under two seconds, and then find the quickest and smoothest lines through each corner. The fastest cars can complete the 1448 metre course in under 50 seconds, with speeds exceeding 130 mph!

Cars are called down to the start in class order. Where a car is shared by another driver, the second driver (their numbers will start with a 7 or 9), will go down to the start in the batch before the other driver. The entries are divided into classes, so that similar cars compete against each other. Each driver not only competes in his or her own race against the clock, but also against other drivers in cars of similar performance.

A timing strut

Each car carries a small vertical blade at the front called a timing strut. As a car approaches the start, the marshals line the car up immediately behind the timing beam. A chock behind the rear wheel keeps the car in the right position. When the driver is given the green light, they start in their own time. As the car moves forward it breaks the light beam and starts the electronic timing equipment.

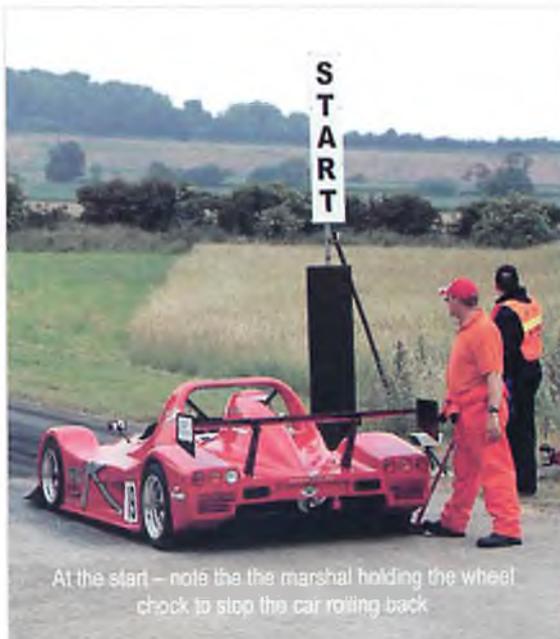

At the finish line there is another light beam that stops the digital timing equipment for that driver's run. In addition to the start and finish timing beams, there are others that allow the driver to see their 'split' times at given points on the course after their run. These times are shown on the bank of

monitors at the rear of the paddock office and used by the commentators (see map for location of split time points).

If a car stops, slows or comes off the course, the marshals may show a red flag. This warns following drivers of a potential hazardous situation ahead. As a result a car may have to abandon a run through no fault of the driver and so will be given a re-run. If the red flag is given before Orchard the driver will return to the start via the road behind the barn. Otherwise the driver will continue to the finish, at a slower speed, then go down to the start via the slip road, to take the re-run.

Up to four cars can be on the hill at any one time. Timing is to the nearest one-hundredth of a second, a tiny amount, but one that can often decide a class win.

The ultimate achievement at each event is to establish the Fastest Time of the Day (FTD). This is usually claimed by one of the single seater racing cars, although wet weather can sometimes throw up an occasional surprise!

At the start – note the the marshal holding the wheel chock to stop the car rolling back

## Old hand

Mike Smith is a retired technology teacher and in his sixth season of competing.

This year he is competing in the Cubicle Centre Harewood Speed Hillclimb and Midland Speed Championships.

Mike prepares and contests a fast 203 bhp 1700cc Ford Puma Zetec powered Sylva Striker, which in Mike's words has a habit of 'lunching the

differential too frequently'.

At the meeting in April Mike was seen knelt down at the side of his car on his 'prayer mat'. Under his prayer mat can be found the wording seen in the photo oposite. The reason? He's always up against the flying Bob Bellerby in another Sylva Striker (but Peugeot engined).

Mike is now in close competition with Bob and a couple of other top class 4 contenders, but he hasn't yet found the key to regularly beating him. Mike was just 0.14 seconds behind Bob in April, although he has taken the occassional class win.

Will this year see Mike take the initiative? Let's see if his prayers work!

## New kid on the block

Clive Lightburn had his competition debut at the April Harewood meeting in a super fast OMS single seat race car! Clive was 'enticed' in to driving the OMS by owner David Gray after his son Matthew decided that he was not going to compete in 2007.

The deal involved Clive preparing the car for the events, an area which David is not known to excel. Clive found numerous loose nuts and a missing bolt – not advisable in a race car! The car looked well presented at the meeting. As a recently retired solicitor, no doubt he was thinking about his liability if anything fell off!

Although Clive is an ex-biker, he is also the owner of a muscle car, a Cobra replica, which he used to attend the Harewood driving school. However, the OMS uses a Suzuki Hayabusa bike engine so he should feel at home with the high revs and sequential gearbox!

His first drive of the carbon fibre OMS was in practice at the April meeting when he posted 76.80 seconds. On the next run he slashed 11 seconds off that time, as he started to push the car a bit more, finishing the day with a best of 63.28 seconds! Not bad for his first day of competing. Also being well mannered, he let David beat him!

Clive plans to do the full Harewood season, so we will see where he ends up and if he can beat car owner David.

# Notices

## jurisdiction

The meeting is governed by the General Regulations of the Motor Sports Association Ltd (incorporating the provisions of the International Sporting Code of the FIA) and the Supplementary Regulations issued for the event, the Harewood *Speed* Hillclimb Entry forms, event and championship regulations booklet 2007, the BARC *Speed* Event Classes 2007 and any written instructions the BARC Yorkshire Centre may issue for the event.

## the programme

All information in this programme is copyright. The organisers have made every effort to ensure the accuracy of the programme and accept all contributed materials in good faith. If there are any errors or omissions then we apologise for them escaping our attention. Whilst every attempt will be made to adhere to the published programme, the organisers reserve the right to modify, curtail or abandon the meeting.

## food & drink

Food and drink is available in close to the paddock area from 10.30am on Saturdays and 9.30am on Sundays. A licensed bar and ice cream is usually available.

## litter

Will spectators please help the club by not dropping litter. Please use the containers provided and keep Harewood beautiful. Large items can be disposed of in the skip near the toilet block.

## lost property & messages

If you find any articles or lose anything please report it to the Paddock Office. We regret that we cannot make announcements over the PA system, except in genuine emergencies.

## acknowledgements

BARC Yorkshire Centre would like to thank Harewood Hill Ltd and those who subscribe to the shares which enables the long-term future of our events here. We also wish to thank West Yorkshire Police, Pennine Rescue, Pennine LRC, Teesside and North Yorkshire Ambulance Service for emergency services, The Crusty Pie Company, the marshals, the photographers who have allowed us to use their photographs, everyone who has helped or are helping and club members for making the event a success.

## your personal safety

We take your safety seriously. Please take note of any signs or instructions given by our marshals. They are there to help the meeting run without a hitch.

**Remember you have a duty of care for you own safety and that of any children. Children under 14 must be accompanied and remain under the control of an adult at all times.**

# Awards

As well as competing in their respective championships, in which many drivers are currently taking part, drivers are also competing today for the following Harewood Speed Hillclimb awards.

Fastest time

2<sup>nd</sup> FTD

3<sup>rd</sup> FTD

The Andrews Bros Trophy

Fastest time in class (*subject to 4 or more entries in the class*)

2<sup>nd</sup> fastest time in class (*subject to 6 or more entries in the class*)

3<sup>rd</sup> fastest time in class (*subject to 10 or more entries in the class*)

4<sup>th</sup> fastest time in class (*subject to 16 or more entries in the class*)

Awards are presented 30 minutes after the conclusion of the meeting

Time clock sponsored by

Richard Alexander Volkswagen

## Attention competitors

You can now see the provisional entry list for each event on the Harewood website and the list is regularly updated.

Last year a number of meetings were oversubscribed, so don't leave your entry until it's too late this year - there's no excuse!

You can find copies of the regulations and entry forms on the website too.

# Would you like to be involved?

Why not become a marshal, have some fun and get closer to the action?

Join the Harewood Marshals team and meet a really friendly bunch of people who have one thing in common, they are all motor sport nuts!

For more information on becoming a marshal or joining the Harewood Marshals Association contact;

*Mike Shorley Chief Marshal*  
*phone 01977 780035*  
*email mshorley@hotmail.com*

*Keith Davison Assistant Chief Marshal*  
*email keith.davison@btinternet.com*

**Without our marshals and officials we have no motor sport**
