10. SCRUTINEERING AND PRACTICE

(S.S.R.'s C.20 Modified)

Scrutineering will be from 11-00 a.m. to 3-30 p.m. on
Saturday, 11th September and practice will be from
12 noon until approx. 5-30 p.m. There will be no
general practice on Sunday, 12th September but a
limited number of competitors who have prior
permission in writing from the Secretary of the Meeting
will be allowed to practice between 11-0 a.m. and 12
noon. Scrutineering on Sunday, 12th September will
be from 10-00 a.m. until 11-15 a.m. for these com-
petitors. This Sunday period is intended to cater for
entrants who have genuine business reasons making it
impossible for them to practice on the Saturday or
for competitors who have mechanical breakdowns
during Saturday practice. Permission will only be
granted in a strictly limited number of cases.

Three practice runs will be allowed to competitors
who practice on Saturday, 11th September, and who
report before 1 p.m. All competitors reporting after
this time, or who are allowed to practice on Sunday,
12th September, will only be allowed two practice
runs. Additional practice runs may be allowed on
Saturday, 11th September if time permits. All com-
petitors must travel slowly the length of the course
before practice.

11. PROCEDURE

Cars will start singly. Timing will be electrical.
The course clear signal will be given by a Green Light
when competitors will start in their own time. Times
will be recorded from the front wheels breaking a
light ray at the Start until a similar light ray is broken
at the Finish.

Cars will be positioned for the start 10 cm. behind
the actual starting light ray by a positioning apparatus.
As they approach the line a Red light will be shown,
as they take up the correct position, this light will
change to Amber. If they continue to move forward
the light becomes Red and Amber. When Amber
alone is showing the car is positioned the correct
F.I.A. distance from the start.

If at the commencement of a run the engine stalls
and the rear wheels of the car do not cross the start
line, this shall be deemed a false start and the com-
petitor will be allowed another attempt to start. If
however the car cannot immediately be re-started the
run shall be considered failed and the car returned
to the paddock.

The Finish Line will be marked by a Banner and by
Black and White Chequered Boards on either side of
the course.

Continued overleaf

Two timed class runs will be allowed the fastest to count for the awards. In the event of a tie the aggregate of the two runs will be invoked to determine placings.

Timed runs will be completed in the following order First Run classes 1—18 inclusive in numerical order followed by Second Run classes 1—18 inclusive in numerical order, finally R.A.C. Hill Climb Championship Runs.

Competitors will be called forward from the Paddock in batches of approximately 20 at a time into the Assembly Area. When the course is clear the complete batch plus tender cars for the racing classes only will make their way down the course to the start. Any competitor who is not ready to start a run when called upon so to do will be deemed to have failed that run.

12. R.A.C. HILL CLIMB CHAMPIONSHIP

Entrants for the R.A.C. Hill Climb Championship must indicate this on the entry form. At the conclusion of the normal class runs, the ten Championship Entrants who have recorded the ten fastest times, irrespective of class, will be grouped together to make a further two runs each which will count as the fourteenth round of the R.A.C. Hill Climb Championship. Running order in these Championship runs will be determined by times on the class runs with the slowest competitor running first and the fastest last on each of the two runs.

Times recorded in the Championship runs will count towards the f.t.d. awards and trophies but will NOT count towards Class awards. Only times recorded during the Championship runs will count for the Championship.

Where an entrant for the R.A.C. Hill Climb Championship has entered more than one car for the event, he must nominate to the organisers the car in which he intends to claim Championship points before the commencement of the meeting.
