The organisers are anxious to accept all possible
entries, within the limits of time available for the
meeting, but they reserve the right to limit the
entries in any class and to accept or refuse any
entries at their discretion and without stating any
reason.

Where a class is over-subscribed, in making their
selection they will have regard to making the entry
as representative as possible but will also consider
the known, or potential, performance of the driver
or car. Preference will be given in cases where such
anticipated performance indicates a climb of not longer
than the average expected for the class.

Any car substituted under S.S.R. A.22 after Wednes-
day, 15th June must be eligible for the same class
as the original entry.

11. PROCEDURE

Cars will start singly. Timing will be electrical. The course clear signal will be given by a Green Light when competitors will start in their own time. Times will be recorded from the front wheels breaking a light ray at the Start until a similar light ray is broken at the Finish.

Cars will be positioned for the start 10 cm. behind the actual starting light ray by a positioning apparatus. As they approach the line a Red light will be shown, as they take up the correct position, this light will change to Amber. If they continue to move forward the light becomes Red and Amber. When Amber alone is showing the car is positioned the correct F.I.A. distance from the start.

If at the commencement of a run the engine stalls and the rear wheels of the car do not cross the start line, this shall be deemed a false start and the competitor will be allowed another attempt to start. If however the car cannot immediately be re-started the run shall be considered failed and the car returned to the paddock.

The Finish Line will be marked by a Banner and by Black and White Chequered Boards on either side of the course.

Two timed class runs will be allowed the fastest to count for the awards. In the event of a tie the aggregate of the two runs will be invoked to determine placings.

Timed runs will be completed in the following order First Run classes 1—17 inclusive in numerical order followed by Second Run classes 1—17 inclusive in numerical order.

Competitors will be called forward from the Paddock in batches of approximately 20 at a time into the Assembly Area. When the course is clear the complete batch plus tender cars for the racing classes only will make their way down the course to the start. Any competitor who is not ready to start a run when called upon so to do will be deemed to have failed that run.

ACCOMMODATION, ETC.

Harewood is a picturesque village on the main Leeds-Harrogate road 8 miles North of Leeds and 8 miles South of Harrogate. It lies 5 miles to the West of Wetherby on A.1 from which the best approach is along A.659.

"The Harewood Arms" is 1 mile from the course, a very comfortable hotel with two stars and 12 bedrooms. "The Angel" in Wetherby is a small one star hotel whilst Harrogate boasts one five star hotel, "The Majestic", three four star hotels "The Old Swan", "The Cairn" and "The Crown" plus many other establishments.

Those craving a more urban life could stay in Leeds where "The Queens" and "The Metropole" are the best of the Central hotels.

Where competitors staying near Harewood are in search of a suitable gathering place on the Saturday evening. "The Windmill Inn" at Linton near Wetherby can be commended as very suitable albeit slightly crowded.

Hot and cold meals, snacks and liquid refreshments will be available throughout practice and the meeting.
