## **7 ARRIVAL AND SIGNING-ON**

**7.1** Space in the Paddock is limited and competitors are allowed a maximum of one Tender vehicle in the Paddock as well as their competing vehicle. All trailers, additional cars, etc must be placed in the Competitors Car Park outside the Paddock.

**7.2** On arrival competitors should position their competition car in their allocated positions in the Paddock. All trailers and additional tenders should be removed to the Competitors car park as soon as unloading is complete.

**7.3** The competitor should then report, on foot to the Paddock Office to sign-on.

**7.4** Arrangements for scrutineering will be given in Final Instructions issued for the respective events.

**7.5** When the car has been passed, the MSA Scrutineers will issue a "Passed by Scrutineer" label. This label must be secured to the competing car and remain there throughout the meetings.

**7.6** Enquiries about running order, request for practices etc should be made to the Paddock office.

**7.7** At two day meetings, competitors need only sign on and be scrutineered once.

## **8 SHARED CARS**

**8.1** In accordance with L9.2.4 the same car may not be entered to compete for the same award more than twice and then only provided that it is driven by different drivers.

**8.2** Where a car is entered to be shared by two drivers, this must be signified by filling in the appropriate section on the entry form. The No. 1 driver will be allocated a competition number whilst the No. 2 driver will be indicated by a letter "A" after the competition number.

**8.3** During timed runs, the No 2 drivers will be run before their respective No 1 drivers. To comply with L9.5.3(b) the period provided for cars in each class shall be considered to be the batch of cars which contains the bulk of competitors in the class plus the batch immediately before and/ after.

**8.4** Normally the No 2 drivers will run in the batch which runs immediately before their own class whilst the No 1 drivers will run in their own class batch.

**8.5** The exception to this rule will be in the first batches of each timed run where the No 2 drivers will run in class order whilst the No 1 drivers will follow in the second batch.

**8.6** Under the provisions of MSA L9.5.3(b) timed runs taken outside the specified batches may not be counted for the results of the meeting. The only exception is, of course, if a re-run is ordered for any reason.

## **9 PROCEDURE**

**9.1.1** At the Start a Traffic Light will indicate Red as cars come to the line. They will be positioned with the front edge of their Timing Struts 10cms behind the centre of the Start timing beam. On a green light competitors may start in their own time.

**9.1.2** If for any reason the course is not clear and there is a delay, two flashing Amber lights will be displayed.

**9.1.3** If a competitor stalls the engine or makes an unsatisfactory start, they may be permitted to make a re-start provided that neither of the rear wheel centres have crossed the Start Line. If in such a case, a competitor is not ready to re-start immediately the run shall be considered failed and the car shall be returned slowly up the course to the Paddock without being timed.

**9.1.4** If a driver needs pushing, or use of an external battery to start their car, it is their own responsibility to arrange this. The Start Marshals can not be expected to push-start cars for competitors.

### **9.2 Approach to the Start**

**9.2.1** Competitors will be called forward by the Paddock Marshals to the Assembly Line at the bottom of the Paddock from where they will be dispatched to the start area as required.

**9.2.2** Cars will remain in single file on the start approach road until called forward by the Start Line Marshals.

## **10 EMERGENCY PROCEDURE**

**10.1** Cars will start singly, but as allowed by the Track Licence, there may be more than one car on the course at a time. For this reason it is vitally important that competitors observe the emergency procedures.

**10.2** If the course becomes blocked after a competitor has started a run, a waved Red Flag or flashing red lights will be displayed at the post below where an incident has taken place and this will be repeated down the course to the start.

**10.3** When a competitor sees a Red Flag or Red Light, the car must immediately be brought to a halt. The competitor will remain at the point where the car stops until the Observer from the nearest post gives instructions to proceed. The competitor will then drive slowly to the top of the hill or turn up the side of the barn and return to the start line for a re-run.

**10.4** Unless specific instructions are given, a competitor **MUST NOT** turn round on the course and return to the start.

**10.5** If a car runs off the course and is not able to proceed immediately, it will be parked by the Observer from the nearest post in a safe place, clear of the track and will remain there until instructed to proceed.

## **11 RESULTS**

**11.1** During practice and timed runs, times recorded will be displayed on a scoreboard in the Paddock. They may also be announced on the PA system during the timed runs and may be shown on digital displays. These times are for information only.

**11.2** At the conclusion of the meeting, the results will be issued from the Paddock office as soon as possible after the final ascent of the meeting has been made.

**11.3** Full result sheets will be posted out to all competitors as soon as possible after the meeting.

Sunday 2nd July 2000  
Sunday 6th August 2000  
Sunday 10th September 2000

## 1.6 Scoring

1.6.1 For marking purposes cars will be divided into classes 1 to L inclusive as shown on page 10 of this booklet.

1.6.2 Marking will be within classes on a Bogey Time improvement basis. For the 2000 season the bogey times for each class will be 'floating'. The bogey time for each class will stay in force until the previous quickest time is beaten, the bogey time for the class will then be revised for the next meeting.

The initial 2000 Bogey Times will be the quickest class time at a BARC meeting during the 1998 or 1999 season, with 18 seconds added. To ensure that we have a worthy champion there will be a 'target time' for each class. A competitor must break this target time to be eligible to score to a maximum of 20 points. A competitor not breaking this target time will only be eligible to score a maximum of 18 marks no matter how much the bogey time is improved upon.

The target time has been beaten on

all classes during the 1998 and 1999 season with the exception of the two following classes. The target time remains active on these two classes only.

**Class 1** Road Modified Saloon & Sports Cars up to 1400cc excluding Kit, Replica and Spaceframed Cars and non ferrous chasis construction cars. .... 70.49

**Class C** Modified Production Cars over 2000cc ..... 61.17

1.6.3 Championship marks will be gained at the rate of .01 mark for each .01 of a second by which a driver beats the Bogey Time for his/her class.

1.6.4 Any competitor that does not beat the Bogey Time will gain no marks for that meeting. A maximum of 20 marks can be gained at any meeting.

1.6.5 Marks can only be gained in the two class runs at the meeting 1/2nd July 2000. At the remaining five rounds marks can only be gained in the three class runs except if a decision to the contrary is made at the end of the first timed runs, see page 17 - 10.1.3.

1.6.6 Marks gained in five of the six rounds will be counted for the Championship results. If any of the six meetings does not take place the qualifying number of events will be reduced so that it is always one less than the total number of rounds which do take place.

**1.6.7** Only one marking per meeting can count. Where a competitor has entered more than one car at a meeting the car which is to be credited with Championship marks must be nominated to the Secretary of the Meeting before the start of the class runs.

**1.6.8** In the event of a tie in the final marking this will be decided in the favour of the competitor who has gained the marks in the fewest number of rounds including discarded rounds. If the tie still remains it will be decided in the favour of the competitor who scores the most marks in the final round.

**1.6.9** Any appeal against points scored must be made in accordance with 0.6.3.1

**1.6.10** Marking records will be maintained by the Championship co-ordinator. Points scored will be shown on the results for each meeting. Bulletins with current markings will be sent out with event results from time to time and published in the Yorkshire Centre Times.
