### **7 ARRIVAL AND SIGNING ON**

- 7.1** Space in the Paddock is limited and competitors are allowed a maximum of one Tender vehicle or trailer in the Paddock as well as their competing vehicle. All other trailers, additional cars, etc must be placed in the Competitors Car Park outside the Paddock.
- 7.2** On arrival competitors should position their competition car in their allocated positions in the Paddock. All additional trailers and tenders should be removed to the Competitors car park as soon as unloading is complete.
- 7.3** No trailers can be brought into the paddock once the meeting has started.
- 7.4** The competitor should then report, on foot to the Paddock Office to sign-on.
- 7.5** Arrangements for scrutineering will be given in Final Instructions issued for the respective events.
- 7.6** When the car has been passed, the MSA Scrutineers will issue a "Passed by Scrutineer" label. This label must be secured to the competing car and remain there throughout the meeting.
- 7.7** Enquiries about running order, request for practices etc should be made to the Paddock office.
- 7.8** At two day meetings, competitors need only sign on and be scrutineered once.

### **8 SHARED CARS**

- 8.1** The same car may not be entered to compete for the same award more than twice and then only provided that it is driven by different drivers.
- 8.2** Where a car is entered to be shared by two drivers, this must be signified by filling in the appropriate section on the entry form. The No. 1 driver will be allocated a competition number whilst the No. 2 driver will be indicated by a number 7 preceding the competition number if between 1 - 99 and a number 9 if between 100 - 199
- 8.3** Normally the No 2 drivers will run in the batch which runs immediately before their own class whilst the No 1 drivers will run in their own class batch.
- 8.4** The exception to this rule will be in the first batches of each timed run where the No 2 drivers will run in class order whilst the No 1 drivers will follow in the second batch.
- 8.5** Timed runs taken outside the specified batches may not be counted for the results of the meeting. The only exception is, of course, if a re-run is ordered for any reason

### **9 PROCEDURE**

- 9.1** At the Start a Traffic Light will indicate Red as cars come to the line. They will be positioned with the front edge of their Timing Struts 10cms behind the centre of the Start timing beam. On a green light competitors may start in their own time.
- 9.2** If for any reason the course is not clear and there is a delay, two flashing Amber lights will be displayed.
- 9.3** If a competitor stalls the engine or makes an unsatisfactory start, they may be permitted to make a re-start provided that neither of the rear wheel centres have crossed the Start Line. If in such a case, a competitor is not ready to re-start immediately the run shall be considered failed and the car shall be returned slowly up the course to the Paddock without being timed.
- 9.4** If a driver needs pushing, or use of an external battery to start their car, it is their own responsibility to arrange this. The Start Marshals can not be expected to push-start cars for competitors.
- 9.5** Competitors will be called forward by the Paddock Marshals to the Assembly Line at the bottom of the Paddock from where they will be dispatched to the start area as required.
- 9.6** Cars will remain in single file on the start approach road until called forward by the Start Line Marshals.

## **10 EMERGENCY PROCEDURE**

- 10.1** Cars will start singly, but as allowed by the Track Licence, there may be more than one car on the course at a time. For this reason it is vitally important that competitors observe the emergency procedures.
- 10.2** If the course becomes blocked after a competitor has started a run, a waved Red Flag or flashing red lights will be displayed at the post below where an incident has taken place and this will be repeated down the course to the start.
- 10.3** When a competitor sees a Red Flag or Red Light, the car must immediately be brought to a halt. The competitor will remain at the point where the car stops until the Observer from the nearest post gives instructions to proceed. The competitor will then drive slowly to the top of the hill or turn up the side of the barn and return to the start line for a re-run.
- 10.4** Unless specific instructions are given, a competitor **MUST NOT** turn round on the course and return to the start.
- 10.5** If a car runs off the course and is not able to proceed immediately, it will be parked by the Observer from the nearest post in a safe place, clear of the track and will remain there until instructed to proceed.

## **11 RESULTS**

- 11.1** During practice and timed runs, times recorded will be displayed on computer screens in the Paddock. They may also be announced on the PA system during the timed runs and may be shown on digital displays. These times are for information only.
- 11.2** At the conclusion of the meeting, the results will be issued from the Paddock office as soon as possible after the final ascent of the meeting has been made.
- 11.3** Full result sheets will be posted out to all competitors as soon as possible after the meeting

The Track Licence issued for Harewood Hillclimb is number TBA

The permit for the Harewood Hillclimb Championship and the Harewood FTD Series TBA

The event Permit Numbers for the 2008 season are all TBA and will be shown in the Final Instructions and Programmes for the respective meetings.

## The Venue

There are many good spectator spots at Harewood. Why not watch at the start or down at the Esses and Chippy's. Try the in-field area above Orchard Corner or the viewing area on the outside of Farmhouse Bend. Then there's the favourite hillside viewing area and also at the corner of the paddock overlooking Quarry Corner and the Finish Line. Try somewhere different, you will be amazed at the difference and feel of speed!
